

"Supporting project-based learning in California schools since 1999"

Built over 15 years outside Geneva, Switzerland, scientists are using the Large Hadron Collider to unlock the secrets of the universe.

Built over one month in her parents' basement in San Jose, Kayla Jackson is using a volcano simulator to unlock the secrets of earth science.

Please join us to celebrate the hard work and creativity of our youngest scientists at these three major science fairs:

The East Side Union H.S. District's 11th annual **sciencepalooza!**

www.outreach-foundation.org/palooza_faq.pdf

February 27, 2010

Santa Clara County's 50th annual science fair

The Synopsis Science & Technology Championship

www.science-fair.org

March 17, 2010

And coming to San Jose, the 61st annual international fair

The Intel International Science & Engineering Fair
