

“If we invite the team that wins the Super Bowl to the White House, then we need to invite some science fair winners to the White House as well.”

SINCE 1999, the Synopsys Outreach Foundation has been celebrating science fair entrants and winners alike. Our support has helped more than 1,000,000 students and teachers develop science projects and unlock their potential at Foundation-sponsored science fairs, including sciencepalooza! and The Synopsys Championship. We're confident that whether they're invited to the White House or not, the winners listed below are certainly going places.

Congratulations to These 2012 Science Fair Winners
